

# Please save your drink tabs...

Many of you are aware that Denny Lanier's son, Wright, and wife Dona have been utilizing the Ronald McDonald House facilities in Cincinnati. Dona is the school nurse at Penderlea Elementary School and both of their children, Wright & Hill attend this school. As a service project, the Penderlea Beta Club is collecting drink tabs from aluminum cans to send to the Ronald McDonald House in Cincinnati in honor of Wright Lanier. Please help us support Denny, Dona, Wright & Hill and participate in this worthy cause that allows so many families to stay together while undergoing lengthy & costly medical procedures. Spread the word to friends & family and bring your tabs from home. We will guarantee that they reach their final destination in Cincinnati.

Thanks in advance for your support & participation!

RONALD MCDONALD  
HOUSE CHARITIES®

## in honor of Wright Lanier
